Note: These are the standard prices. If you want any other character or something more individual, let me know. The procedure is to transfer half of the price to my paypal-account or send half of the price upfront by post. After the money is credited to my account you will receive a raw low-res scribble. If the sketch meets your approval, full payment is to be made, either by paypal or cash mailed to my address. Please note: Euro's only!!! No other currency will be accepted. As soon as I have received the money, I will send the high resolution sketch. The prices include 1 correction round. Any other correction will be billed as a new order. The sketch is only for your personal tattoo. No other production or reproduction of my artwork is allowed. All customers are required to sign a statement first confirming this before the high-res sketch is sent out. Any questions? Mail me at: [tattoo@cantwo.com](mailto:tattoo@cantwo.com)
